## A MESSAGE FROM DR. CABRERA

Dear College Connect Students,

We are so excited to have reached the end of the spring semester with you all!

We have seen your hard work and dedication, and we are celebrating with those of you who earned a certificate, graduated, transferred to a university, got a job and met your goals! As we ease into the summer months, take this time to refocus on what you want to accomplish in the second half of 2023. Partner with your facilitators, family, and friends- they will all want to help and see you succeed! We are soon rolling out the summer curriculum and program, which will consist of vocational inventories and readiness, fun activities, and time to socialize with your peers. We are looking forward to the summer program and all that it entails! We are excited to see what the next few months holds for you all and we are proud of all the progress you have made!

Best Regards,  
Dr. Jeanette Cabrera

College Connect Chronicle is excited to highlight our June student spotlight, Camila! Camila is a History major at Cal Poly Pomona. Camila's interests include anime and drawing. College Connect is proud to highlight Camila's continuous academic and personal growth!

**ABOUT ME:** My birthday is coming up this summer in August. I have three little sisters, two parents, one aunt, grandparents and two chaotic dogs. I live in the small town of Duarte, a city full of restaurants, coffee shops, and parks. I plan on becoming a high school history teacher, so i can help students fall in love with history like I did.

**What does College Connect mean to you?** To me college connect is a helping hand when i need it the most, and I will be forever grateful for it.

**Fun fact about yourself:** I love drawing and I have gone through two sketchbooks within a year!

# TEAM SPOTLIGHT

Stacey Huang

**ABOUT ME:** I started with College Connect in February. I have a master's in occupational therapy. I have a background in psychology and experience with tutoring in multiple settings and assisting in outpatient clinics. I have worked with a variety of clients, such as elementary and high school students and older adults.

I recently discovered that I really enjoy working with college age students in a mentoring role and connecting them to campus resources. Hopefully I can continue with something similar in the future.
